CUT FLOWER GROWERS, DO NOT MISS THE SPECIAL OFFER LATER IN THIS CATALOG.

Dear Patrons and other Glad Fanciers:

My first year since retirement has been a rather disappointing one.. Because of the severe and prolonged drought I could not exhibit at several of the larger nearby shows. But several weeks after the rains came in August, I had wonderful blooms and I dug a fine lot of corms in the fall.

My 1956 Introductions as well as those of the preceding four years have all been highly commended by one or more Gladiolus Experts. I have introduced quite a few medium (3xx) Glads because I believe this size will become much more popular in the next few years. They are ideal for the average garden and home for they o not require the watering, fertilizing and staking that the large ones do to produce nice spikes and they are not difficult to arrange in the home. Also the medium classes now offer the easiest chances of wirning Show Ribbons.

It is my general policy to introduce new varieties at moderate prices and to keep these prices for two years. My Glads are State Inspected and are guaranteed to be healthy and true to name.

Since I do not put out an expensive Catalog I think I can give you better bulb values.

SPECIAL OFFER TO CUT FLOWER GROWERS. I am getting to the age where I must cut down on my work instead of expanding, and I have a larger stock of some of my good commercial varieties than I can handle. Barbara B, Bergen, Camden, Cape May, Cumberland, Gay Scarlet, Gloucester, Rosie Ann and SonO'Pal are liked especially well by local florists and roadside customers, so I am offering these varieties at the following rates: 25 large or medium bulbs at 10 times, 100 at 30 times, or 250 at 60 times the single bulb price; Bulblets, one-half Pint at 12 times and 1 quart at 35 times the single large bulb price.
